

# NOW IT'S EVEN EASIER TO GET YOUR MESSAGES!

*Our customers told us they wanted a faster, easier way to get right to their messages – and we listened!  
Your new Voice Mail automatically comes standard with these features:*

## Easy Access \*98

Just press \*98 from your home phone to get your messages.

## Skip Security Code

Now you don't have to enter your security code when you call in for messages from your own phone.  
If you prefer more privacy, you can turn the security code option back on.

## Date and Time

Need to know when a message was left? Just press 5 during or after the message plays.  
Or, if you'd like, you can set the date and time to play automatically on every message.

**For more information about Personal Options, refer to the enclosed user guide.**
